## YOUNG ELECTRICAL STUDENTS MAKE INSPECTION TRIP THROUGH PLANT

Case School of Applied Science Sends Out Seniors to Inspect Power Machinery

### VISIT NUMBER OF CITIES

Buffalo, Niagara, New York City, Washington and Pittsburgh Among the Places Toured Previously

Nineteen members of the senior electrical class of the Case School of Applied Science of Cleveland, Ohio, visited Charleroi today and made an inspection of the Macbeth-Evans, Chimney factory. The class is just concluding a two weeks' tour of a number of manufacturing cities, where they visited mechanical and power plants. McKeesport will be the last place visited.

Prof. H. B. Dates is in charge of the class. The tour started nearly two weeks ago at Buffalo, N. Y. where the big electrical power plants were visited. Then the class went to Niagara and from there to Schenectady, thence to New York city and to Washington, D. C. From Washington the party came to Pittsburgh and then to Charleroi.

It is the custom for tours of the kind to be made by various classes of the Case school. While the senior electrical class came east, the mechanical class went west.

Lively interest was manifested by members of the party during the trip through the local plant. There is no lamp chimney manufacturing plant in the world as complete in the local concern, which is also the largest of the string owned by the Macbeth-Evans company. The latest improvements for glass manufacture have been installed.

The following students were in the party: F. H. Zeichmann, Don C. Oswig, Fred E. Cumther, S. C. Boyd, H. L. Keatch, H. M. Benham, C. B. Thorne, M. Sarbinsky, A. N. Schermer, L. H. Mandeville, H. G. Glover, J. T. Fitzsimmons, D. N. Hanchetta, W. G. Haring, R. P. Thomas, H. A. Harrington, R. J. Hoddinott, E. F. Spher and O. P. Sutton. In addition to the nineteen students O. Fritch, a representative of the school and L. L. Hopkins and S. C. Hibben of Pittsburgh made the visit here.

## MARCH IS BIG MONTH AT LOCK NO. 4

One of Biggest Coal Months for Years Realized

### BETTER THAN FEBRUARY

Lock No. 4 enjoyed one of the best coal shipping months for year during March according to the report made this morning by Lockmaster A. F. McGowan. The river coal trade held up remarkably well considering that during March, which is usually not a good month at best, several mines were either entirely closed down, or running irregularly. The month's total shipment of coal was 19,552,000 bushels. This was an increase over February of 1,354,000 bushels, the February shipment aggregating 18,198,000 bushels of coal. During the month of March, 1910, there were 19,405,000 bushels of coal locked through Lock No. 4.

Down stream during March, this year, there were 845 lockages. Steamers going down numbered 462 and there were 1,769 boats barges and flats locked. In March 1910 there 838 lockages, 455 steamers and 1,738 boats, barges and flats passed down.

Up stream there were 829 lockages, steamers numbering 472 and boats barges and flats 1,720. In 1910 there were 84 lockages there being 448 steamers and 1,754 boats, barges and flats passing up stream. Rainfall during March this year was 1.82 inches, compared with .37 inches of last year.

## BURGLAR DISCOVERED PUTTING UP LADDER

Would-be Second Story Man Exercises Considerable Haste In Getting Away From Uncomfortable Vicinity

After going to all the trouble of carrying a ladder to the home of Dr. H. J. Repman on Fifth street, and erecting it for the purpose of climbing in an upstairs window, a supposed burglar had to go away disappointed and in a hurry. He was seen at this work just as he was starting up the ladder by people on the street, who hastened to ring the bell at the Repman home. The would-be burglar heard the sound, and hastily dropping to the ground he pulled away his ladder and streaked it away from the premises, dragging the ladder behind. He was not followed and made good his escape.

## WOULD CUT OFF SUPPLY OF BOOZE FOR SPEAKEASIES

"Uncle Banks" Holland Prepares Bill for Presentation to the Legislature First of the Week

(Special Correspondence)

Harrisburg, Pa. April 1—"Uncle Banks" Holland will introduce a bill in the House Monday designed to shut off the supply of liquor from speakeasies, and illicit drinking clubs. The measure would make it unlawful for any wholesaler or bottler to sell to any except to licensed wholesalers, retailers or to druggists. It would also be unlawful for wholesalers to sell to peddlers direct or to solicit orders or to peddle liquor from place to place. The penalty for violations by wholesalers would be a revocation of their

licenses. While Mr. Holland does not feel very confident that he will get his measure through, he says that legislation like this is bound to come sooner or later.

Governor Tener has signed the bill introduced by Assemblyman Guyaux of Fayette, making unlicensed foreigners subject to taxation the same as citizens. Some strenuous times in the Legislature are expected next week, when the really important measures begin to come up for final consideration, and many important developments are expected.

## BREWERY LICENSE OPPOSED

Greene County People Remonstrate Against Concern

### REMARKABLE PETITION

Wednesday was the last day for the filing of remonstrances against the granting of the license to the Waynesburg Brewing company at Waynesburg.

Up to a late hour remonstrances containing the names of about 6,000 citizens of the county were filed. Last year the remonstrances against the brewery license contained about 4,000 names. The people who have the work in charge are more than pleased with the way the people of the county signed the papers this year.

This is regarded as a remarkable showing when it is remembered that there are only about 12,000 in the county eligible to sign such papers, and it is known that many are not given a chance to sign the remonstrances, although there was much more interest this year than last year and the papers were circulated more freely, but there are always some sections of the county where the papers are not placed.

Monday is the day set by the rules of the court for the hearing of the application but Judge Inghram will not hear the case and it is understood that no one has been secured to come to hear the application.

## Strike of Serious Proportions Expected to Tie Up Things Generally

### THE DEMANDS PRESENTED

Fire Bosses Ask for Wage Increase As Well as Important Changes in Working Conditions

If there is not an immediate compromise effected between the coal operators of the Monongahela valley and the fire bosses there will be a big strike on next week, which will tie up practically every mine along the valley. The fire bosses the first of the month presented a demand to the operators for better wages and better working conditions, requesting an answer March 15. Friday was the last day the fire bosses were to work, yet there has been no answer so far to the demands. Today is a legal mine holiday and all the miners are off duty. Monday will determine the true status of affairs.

Although the total number of fire bosses effected in this vicinity is only about 650, the strike will have a far reaching effect, in that it will be effective in closing down all except the non gaseous mines. Unless the operators can secure men sufficiently qualified to act in the capacity of fire bosses, it will mean an indefinite suspension. Practically the only mine not effected in the vicinity of Charleroi is the Henderson Mine at East Charleroi, which is a non-gaseous mine. The principal demand made by the fire bosses is for an increase in wages. They ask that the rate per working day be raised from \$3.27 to \$4.00. If it is necessary for an examination to be made of a mine on Sunday afternoon in preparation for the night shift, a full days' wages is demanded.

## W. M. LATTA ASSUMES CHARGE OF POSTOFFICE

Today Wm. M. Latta succeeds N. K. Wiley, as postmaster at Charleroi, and has assumed his new duties. Mr. Latta was appointed by Governor Tener before the latter resigned from Congress, to succeed Mr. Wiley, whose term had expired. The new postmaster held a responsible position with the Vesta Coal company, and is well qualified to fill the position. He will make changes in his official staff, the latter being subject to civil service rules.

## On the Way

A few months ago in the general  
discussion concerning the government  
by commission plan the thought that  
Pittsburg would soon be in the fold  
was about as far away as anything  
possibly could be. Present indica-  
tions, however, show that Pittsburg  
is quite likely to have a new charter  
which will give the city a govern-  
ment by a councilmanic commission  
of probably nine elected at large,  
instead of the old grafting system of  
ward councilmen, select and common,  
that has so long been a millstone to  
progressive city government. The  
people have risen in their wrath and  
demanded it, and the political powers  
that control must grant it or be over-

whelmed by a popular uprising of the  
electors.

While the Pittsburg citizens are  
demanding everything that goes with  
the commission form of government—  
the initiative, the referendum, the  
recall and the non-partisan ballot, the  
political powers are temporizing and it  
looks as though a compromise will be  
proposed in which the commission  
form will be offered without the  
others. This will be a decided gain,  
although the advocates of the "Pitts-  
burg Plan" will make a hard fight for  
all that goes with it. However, if  
the commission plan is accepted, it  
will be only a matter of time until  
the other is attained, if the people  
continue to take the same interest in  
the city government as is now mani-  
fested.

What is good for Pittsburg is good  
for every other town great and small,  
and the "Pittsburg Plan" can be  
modified and adapted to meet all re-  
quirements in the State. The com-  
mission form of government is in  
operation in nearly one hundred cities  
and towns in the United States, and it  
can operate in Pennsylvania as well  
as in any of the other States.

## Backyard Farming

Just now the newspapers and  
magazines are giving much ad-  
vice and instructions in regard to  
backyard farming. Every house-  
holder or tenant who has a few feet  
of spare ground in the rear of a town  
lot is exhorted to cultivate it, and  
experts are already giving outlines of  
plans which are claimed to produce  
the best results.

It may be interesting to know that  
it was the decline of the backyard  
or garden farming that has material-  
ly increased the cost of living. When  
every family used to raise all the  
garden truck they consumed, the  
family income was not so strained and  
the members fared more sumptuously  
during the summer season at least.  
Then, too, there was work and duties  
for the boys when school was not in  
season, while the demand for cigar-  
ettes was nil and the juvenile court  
had not developed as an institution.  
Now that the backyard farm is  
coming again into vogue is likely to  
have a social bearing as well as an  
economic value.

## ELECTRIC SPARKS

Between Pittsburg and the new  
school code, the Legislature is  
promised some tall doughs shortly.

Guess this must be "April foolish"  
day.

Thomas L. Lewis is "back in the  
mines." But he can have the satis-  
faction of knowing that thus it is  
with all men prominent.

Every man throws a rock now  
and then that he would like to have  
back in his hand.

It is reasonable to suppose that  
when a man pays what is due and  
when it is due he has a right to wear  
his whiskers in any style he chooses.

The man who said that it is nerve  
racking for a painter to paint the  
picture of a nude figure, certainly has  
a wholesome regard for the truth.

The high cost of living may be  
raised in Washington county by the  
removal of the penitentiary farther  
away from home.

Charleroi is getting considerably  
busy with its audits this year, but at  
that it doesn't ask anything of any  
another municipality.

## PICKED UP IN PASSING

"Some of the old-time tavern keepers  
along the route used to be unique  
characters and no mistake," said a vet-  
eran traveling man, at one of the leading  
Charleroi hotels yesterday. "I've  
been forty years on the road, and I  
have passed through some remarkable  
hotel experience."

"When I first started out my route  
took in a tier of the northern coun-  
ties of the State along the Philadel-  
phia and Erie railroad. From there I  
used to drive to lumber supply stores  
and small cross roads where I had a  
long string of profitable cus-  
tomers. As a rule hotel accommo-  
dations were pretty punk, but now  
and then we came across a good one,  
even though it was conducted on the  
old fashioned country style. One of  
these was the Hyde House at Ridg-  
way, the county seat of Elk. The

proprietor, W. H. Shram, was an old-  
timer, who had kept tavern when it  
required physical force to maintain  
the dignity and standing of the house,  
and he was equal to all emergencies.  
While he catered most admirably to  
the comforts of his guests, he would  
brook no criticisms or trifling with  
his dignity.

"One day a fresh young drummer  
struck the Hyde House on his first  
trip over the road.

"Is this the Hyde House?" he  
asked of Mr. Shram, who happened  
to be at the desk.  
"It is," replied the landlord,  
handing the visitor a pen.

"Well, I'm awfully glad of it, for  
I've struck a bum lay-out every night  
since I started, but the boys all told  
me I'd find everything O. K. at the  
Hyde House."

He was informed that every effort  
would be made to look after his com-  
fort, but he still persisted in express-  
ing his gratification that he had  
finally reached the Hyde House. His  
effusiveness became so ardent that  
Mr. Shram could endure it no longer.  
"Look here, you—fool," he  
demanded, "what are you after?  
Do you want me to kiss you?"

One day recently two small boys  
were standing on the street talking  
when a little girl came along with a  
lamp of sticky candy in her hand.  
This of course aroused the cupidty of  
the boys, and one of them said:  
"Hi, there, 'Give us some candy."  
"I can't," came the unexpected  
answer. "But you can kiss me while  
my lips are sticky."

Anent the time when the trout-  
fishing opens some Charleroi fisher-  
men are preparing for the usual  
outing and sport. One of them  
recently exhibited a circular received  
from a resort in Maine which makes  
a specialty of entertaining and  
equipping fishing parties. After  
enumerating all the details the pros-  
pectus winds up with this remark:  
"Orders for worms from those  
who fish only with flies will be held  
in sacred confidence."

formerly Miss Rose Allen at the home  
of the bride's mother, Mrs. Elizabeth  
Allen of Sandy Plains. After some  
time well spent in the use of horse  
fiddles, tin horns, etc., the serenaders  
were invited in and all engaged in  
an old fashioned square dance. A  
supper was served by Mrs. Allen.

## THIS IS IMPORTANT

W. F. Henning Desires to  
Announce that he is the Agent  
For Thompson's Barosma, the  
Money-Back Kidney and Liver  
Cure.

There are hundreds of people,  
young and old, right here in Charleroi,  
who are taking medicines for various  
ailments, who do not even suspect  
that the kidneys are to blame.

These sufferers do not know that  
in all probability the kidneys are all  
clogged up, are inflamed or congested  
and are unable to properly filter the  
impurities from the blood.

It is the kidneys that keep the  
blood pure, and if the kidneys are not  
in good condition, disease or other  
organs of the body will surely de-  
velop.

Thompson's Barosma will cure any  
disease of the kidneys or W. F. Hen-  
nings will give you your money back.  
If you are in ill health now, and  
are not absolutely certain of the  
cause, get a 50 cent bottle of Thomp-  
son's Barosma at W. F. Hennings  
today. It will tone up your kidneys,  
liver and bladder in a week.

It is the best investment you can  
make. It is worthy of a trial on  
our guaranteed plan. Ask for  
Thompson's Barosma. The dollar  
bottle contains more than twice as  
much as the fifty cent size.

## NEEDFUL KNOWLEDGE

Charleroi People Should Learn to  
Detect the Approach of  
Kidney Trouble

The symptoms of kidney trouble  
are so unmistakable that they leave  
no ground for doubt. Sick kidneys  
excrete a thick, cloudy, offensive  
urine, full of sediment, irregular of  
passage or attended by a sensation of  
scalding. The backaches constantly,  
headaches and dizzy spells may occur  
and the victim is often weighed down  
by a feeling of languor and fatigue.  
Neglect these warnings and there is  
danger of dropsy. Any one of these  
symptoms is warning enough to begin  
treating the kidneys at once. Delay  
often proves fatal.

You can use no better remedy  
than Doan's Kidney Pills. Here's  
Charleroi proof:  
Mrs. Joseph Thompson, 99 Lincoln  
avenue, Charleroi, Pa., says: "Doan's  
Kidney Pills, procured at Piper Bros.  
Drug Store, have been used in our  
family for kidney complaint with the  
best of results. I consider this  
remedy to be an excellent one and do  
not hesitate to recommend it."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States.

Remember the name—Doan's—and  
take no other.

## Woodcarvers of Burma.

The woodcarvers of Burma are the  
most skilled in the world. They se-  
lect and cut the best logs along the  
Irawaddy river in the dry season, and  
these are thrown into the shrunken  
stream. There they lie until the fresh-  
ets of the rainy season lift them and  
bear them down to the populous cities  
below.

Then huge elephants are employed  
to drag the heavy logs from the  
stream and take them to the saw-  
mills. They are then worked up into  
limbers suitable for the woodcarvers.  
The carvers use the figure of Buddha  
or some other emblem concerning the  
Buddhist worship in the greater  
part. The details are worked out in a  
careful way.

Sterns of boats are carved in an  
elaborate manner, and some of them  
would be worth a fortune in this coun-  
try. The prow of the boat is usually  
ornamented with a figurehead of very  
elaborate carving. The art of wood-  
carving is handed down in the fami-  
lies in Burma, the children being  
taught by their fathers. — Wichita  
Eagle.

## Two Dimensional Vision.

Most people do not know that they  
ought to be very thankful for having  
both eyes in one plane instead of hav-  
ing them one on each side of the head.  
If the latter obtained no one could tell  
that an object had more than two di-  
mensions until experience and the  
sense of touch educated the brain to it.  
Any one can try it for himself. Shut  
one eye and look at different objects.  
They appear flat. With binocular vi-  
sion two views of each object are ob-  
tained and neither is exactly like the  
other, so the idea of depth comes in.

The most easily shown example of  
the difference is as follows: Take a  
ring and hold it about two feet from  
the eye. With one eye closed it will  
take at least five trials to thrust a pen-  
cil through the ring, whereas with  
both eyes open it can be done on the  
first trial.

All animals with eyes on opposite  
sides of the head labor under this dis-  
advantage, as do many insects. It is  
called two dimensional vision as the  
idea of depth is not possible. This  
is on account of the image thrown on  
the retina of the eye being in only two  
dimensions.—Philadelphia Press

## AMONG THE THEATRES

### The Palace—Charleroi.

A charming travel picture, "Nemours and the Banks of the River Loing," was a most enjoyable feature at the Palace Theatre this week. Charming scenes along this beautiful river in France made this picture very attractive. The picturesque architecture of the villages passed in the travel down the stream, the ancient weirs, the cattle standing in the stream, the women washing their linen by the water's edge, all conveyed a refreshing sense of rural simplicity. "Father Love," "Hans Millions," the "Money Lender," and many others equally strong, made a happy combination of comedy, tragedy and sentiment. Louis Brusa and John Evans, in illustrated and spotlight songs, and the excellent orchestra, sustained this musical end in the usual efficient manner.

### The Grand—Pittsburg

Another of those merry farces from the pen of George Hobart is coming to the Grand. It is entitled, "A Night in a Turkish Bath," and will be given by Joe Hart's players, in Manager Harry Davis' vaudeville show. Pittsburg's popular playhouse, the week beginning Monday matinee, April 3rd. A more fertile field for farcial comedy has not been touched by the facile pen of Mr. Hobart for the possibilities of scenes in a bath house of this sort are without limit.

Willy Pantzer, perhaps the greatest living athlete, and his company of diminutive gymnasts are returning after a phenomenally successful tour of the old world.

Charles Lovenberg presents his Neoplatons, consisting of three operatic stars, namely Estelle Ward, soprano; Marion Littlefield, alto, and Signor Francesco Manetta, tenor.

George McKay and John Cantwell, two of the most successful of musical comedy comedians, who were a great success in "On the Great White Way," are to give a new skit entitled "Below the Dead Line." Half a dozen other high class specialties will be included in Manager Davis' offering and of course the usual motion picture show will conclude the performance.

### The Alvin—Pittsburg

Sam Bernard will present his latest musical comedy novelty, "He came From Milwaukee" at the Alvin Theatre for one week, commencing next Monday, with all the wealth of talent and scenic environment that was the late rage for six months at the New York Casino. Sam Bernard is one of the few comedians, natural born wit, really can't help being funny, and enjoys his performances as much as the audience. His spontaneous outburst of comedy is of such frequent occurrence that the principals of his company look for the appearance of these little outbursts to a greater extent than at times the paid auditor does; as a consequence don't feel surprised or even jealous, if during this engagement you find his organization not only in continual smiles, but in spontaneous applause.

Possibly this is one of the reasons why the original aggregation of New York Casino Girls were prevailed upon to make the present tour.

### The Nixon—Pittsburg

Next week at the Nixon Theatre Henry B. Harris will present Edgar Selwyn's successful American comedy, "The Country Boy," which comes here directed from four months at the Liberty theatre, New York, and three months at the Walnut Street Theatre, Philadelphia. The story concerns a young fellow from the country who goes to the city to make his name and fortune, but, like many others who had preceded him, he finds that desirable positions are not so plentiful. After several disappointments he becomes discouraged to the point where he is about to take his own life, when he is brought to a realization that life in the small country town is the more preferable after all.

The real charm of the play, however, lies not so much in the plot as in the various characterizations or types which the author introduces in the several scenes. The cast has not undergone a single change and includes Dudley Hawley, John Webster, Frank E. Jamison, George A. Wright, George Schaeffer, Ethel Clayton, Catherine Tower, Nellie Fillmore, and others.

### New Duquesne—Pittsburg.

That notable J. E. Dodson success, "The House Next Door," in which that brilliant character actor achieved such an admirable portrayal of the eccentric and prejudiced old aristocrat Sir John Cotswold, is to be the enjoyable attraction offered by the Harry Davis Stock players at the Duquesne Theatre next week. The character comedy of this most successful of all J. Hartley Manners plays is its predominant feature, and the antagonism

between the blue-blooded Sir John and his rich Jewish neighbor, the newly made Baron, is forcibly and amusingly set forth. The dramatic charm is furnished by the two love romances at cross purpose between the children of these two quarrelling parents. Many unique situations arise in the complications between the two warring households, but in the end old-fashioned Sir John learns the lesson that old age cannot demand too much of youth and that in this day of broad humanity and democracy there is no room for the blind and bigoted conventions and prejudices of the past, either these of class or those of race.

Dennis Harris will enact the original Dodson role of John at the Duquesne Theatre next week, when he will have one of his greatest opportunities yet to reveal his versatility and art of characterization. Albert Morrison, as the young musician, Cecil and Mary Hall as Esther, his sweetheart, will be one of the two loving couples, while Ralph Remley, as Adair, and Alice Riker, as Ulrica, will be the other romantic players, all four of whom have such curious experiences before the eyes of Sir John are opened to the light of truth.

The Symbolism of the "Charles" young lady in the parlor of the concrete house on Washington avenue, "it is nearly 12 o'clock."

"Yes, Belinda," was the breathing response of her poetical companion, who was sitting on the sofa beside her. "The minute hand is drawing closer to the hour hand, and when the time of midnight is chimed the two hands will be even as one. My darling Belinda," he continued as he lit erally simulated the action of the minute hand, "may not the coming together of those two hands be symbolic of us?"

She broke away and stood firmly on her feet. "No, Charles Henry Smith," she retorted angrily, "those two hands will remain as one but a single second, and then the minute hand will divorce itself and go on its way alone. No, Mr. Smith, a minute hand that doesn't stick isn't the kind of symbolism I want!"—Chicago News.

Where Ears Grow Sharp. A French balloonist has recorded the clearness with which sounds coming from the surface of the ground can be heard at a high altitude. At the height of 5,000 feet the ringing of horses' hoofs on a hard road was clearly audible. At 4,000 feet the splashing sound made by ducks in a pond was heard. The barking of dogs and the crowing of cocks could be heard at seven or eight thousand feet. These sounds penetrated through a white floor of cloud that hid the earth from sight, says Harper's Weekly.

To the perfect silence of the air the investigator was startled by what seemed stealthy footsteps close at hand. It was ascertained that this noise was caused by the stretching of the ropes and the yielding of the silk as the balloon continued to expand.

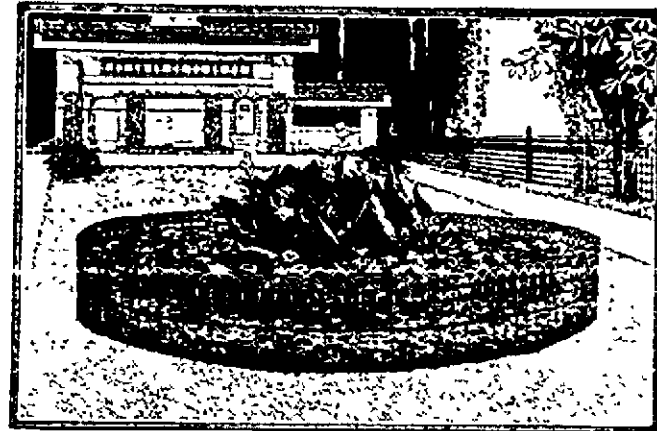

A Miracle Under Orders. In "The Glory of the Shia World," translated from a Persian manuscript, is a story that will interest Christian Scientists:

"Nadir, builder of the 'golden porch of Nadir' in the sacred city of Meshed, was a world conqueror and a lord of perception, albeit cruel. Of his power of perception they relate that one day when he entered the sacred shrine he saw a blind man invoking the aid of the Imam, and upon inquiry he learned that he had been there for several months. The great monarch asked him why his faith was so weak that his sight had not been restored and swore that if on his return he found him still blind he would cut off his head. The wretched man prayed so fervently and fixed his mind so intently on the Imam that within a few minutes his sight was restored."

### Good Sized Crowd Attends

Affair of Washington  
Avenue Boys

At the first reception given by the Washington Avenue Boys' Brigade, at the skating rink last night, the work that is being done by the brigade was shown. Talks were made by men interested in the brigade movement. A good sized crowd was present in response to invitations sent out by the brigade members.

A drill under the direction of Capt. Charles Walgreen was given. In the drill great proficiency in general as well as technical drill work was shown by the boys, few of whom are over 16 years of age. O. M. Wise to whom the credit is due for starting the brigade made a talk, and he was followed by Rev. G. G. Kerr, pastor of the Washington Avenue Presbyterian church. Rev. C. E. Frontz, pastor of Christ Lutheran church, Fred Clerihue and J. D. Berryman also made addresses in which they complimented the members of the brigade as well as those not directly connected with it, who had nevertheless labored to make it a success, and promising to lend their aid in promoting the brigades' welfare.

A basketball game was played after which the pennant for the brigade league winners was presented to the Cadet team, captained by Paul Nutt. Other teams in the league are the Pirates, the Midgets and the Crescents.

## YOUNG ELECTRICAL STUDENTS MAKE INSPECTION TRIP THROUGH PLANT

Case School of Applied  
Science Sends Out  
Seniors to Inspect  
Power Machinery

### VISIT NUMBER OF CITIES

Buffalo, Niagara, New York  
City, Washington and Pitts-  
burg Among the Places  
Toured Previously

Nineteen members of the senior  
electrical class of the Case School  
of Applied Science of Cleveland,  
Ohio, visited Charleroi today and  
made an inspection of the Macbeth-  
Evans, Chimney factory. The class  
is just concluding a two weeks' tour  
of a number of manufacturing cities,  
where they visited mechanical and  
power plants. McKeesport will be  
the last place visited.

Prof. H. B. Dates is in charge of  
the class. The tour started nearly  
two weeks ago at Buffalo, N. Y., where  
the big electrical power plants  
were visited. Then the class went  
to Niagara and from there to Schenec-  
tady, thence to New York city and  
to Washington, D. C. From Wash-  
ington the party came to Pittsburgh  
and then to Charleroi.

It is the custom for tours of the  
kind to be made by various classes  
of the Case school. While the senior  
electrical class came east, the  
mechanical class went west.

Lively interest was manifested by  
members of the party during the trip  
through the local plant. There is  
no lamp chimney manufacturing plant  
in the world as complete in the local  
concern, which is also the largest of  
the string owned by the Macbeth-  
Evans company. The latest improve-  
ments for glass manufacture have  
been installed.

The following students were in the  
party: F. H. Zeichmann, Don C.  
Oswig, Fred E. Cumther, S. C.  
Boyd, H. L. Keetch, H. M. Benham,  
C. B. Thorne, M. Sarbinsky, A. N.  
Schermer, L. H. Mandeville, H. G.  
Glover, J. T. Fitzsimmons, D. N.  
Hanchetta, W. G. Haring, R. P.  
Thomas, H. A. Harrington, R. J.  
Hodkinson, E. F. Spher and O. P.  
Sutton. In addition to the nineteen  
students O. Fritch, a representative  
of the school and L. L. Hopkins and  
S. C. Hibben of Pittsburgh made the  
visit here.

## MARCH IS BIG MONTH AT LOCK NO. 4

One of Biggest Coal  
Months for Years  
Realized

### BETTER THAN FEBRUARY

Lock No. 4 enjoyed one of the best  
coal shipping months for year during  
March according to the report made  
this morning by Lockmaster A. F.  
McGowan. The river coal trade held  
up remarkably well considering that dur-  
ing March, which is usually not a good  
month at best, several mines were  
either entirely closed down, or run-  
ning irregularly. The month's total  
shipment of coal was 19,652,000  
bushels. This was an increase over  
February of 1,354,000 bushels, the  
February shipment aggregating 18,-  
198,000 bushels of coal. During the  
month of March, 1910, there were  
19,405,000 bushels of coal locked  
through Lock No. 4.

Down stream during March, this  
year, there were 345 lockages.  
Steamers going down numbered 462  
and there were 1,769 boats barges  
and flats locked. In March  
1910 there 338 lockages, 455 steam-  
ers and 1,738 boats, barges and flats  
passed down.

Up stream there were 829 lockages,  
steamers numbering 472 and boats  
barges and flats 1,720. In 1910 there  
were 84 lockages there being 448  
steamers and 1,754 boats, barges and  
flats passing up stream. Rainfall  
during March this year was 1.82  
inches, compared with .37 inches of  
last year.

## WOULD CUT OFF SUPPLY OF BOOZE FOR SPEAKEASIES

"Uncle Banks" Holland Prepares Bill for Presen-  
tation to the Legislature First  
of the Week

(Special Correspondence)

Harrisburg Pa. April 1—"Uncle  
Banks" Holland will introduce a  
bill in the House Monday designed to  
shut off the supply of liquor from  
speakeasies, and illicit drinking  
clubs. The measure would make it  
unlawful for any wholesaler or  
bottler to sell to any except to  
licensed wholesalers, retailers or to  
druggists. It would also be unlaw-  
ful for wholesalers to sell to re-  
sumers direct or to solicit orders or  
to peddle liquor from place to place.  
The penalty for violations by whole-  
salers would be a revocation of their

licenses. While Mr. Holland does not  
feel very confident that he will get  
his measure through, he says that  
legislation like this is bound to come  
sooner or later.

Governor Tener has signed the  
bill introduced by Assemblyman  
Goyaux of Fayette, making unnatur-  
alized foreigners subject to taxation  
the same as citizens. Some strenuous  
times in the Legislature are ex-  
pected next week, when the really  
important measures begin to come up  
for final consideration, and many  
important developments are ex-  
pected.

## BREWERY LICENSE OPPOSED

Greene County People  
Remonstrate Against  
Concern

### REMARKABLE PETITION

Wednesday was the last day for  
the filing of remonstrances against  
the granting of the license to the  
Waynesburg Brewing company at  
Waynesburg.

Up to a late hour remonstrances  
containing the names of about 6,000  
citizens of the county were filed.  
Last year the remonstrances against  
the brewery license contained about  
4,000 names. The people who have  
the work in charge are more than  
pleased with the way the people of  
the county signed the papers this year.

This is regarded as a remarkable  
showing when it is remembered that  
there are only about 12,000 in the  
county eligible to sign such papers,  
and it is known that many are not  
given a chance to sign the remon-  
strances, although there was much  
more interest this year than last year  
and the papers were circulated more  
freely, but there are always some  
sections of the county where the  
papers are not placed.

Monday is the day set by the rules  
of the court for the hearing of the  
application but Judge Ingraham will  
not hear the case and it is understood  
that no one has been secured to come  
to hear the application.

## Strike of Serious Pro- portions Expected to Tie Up Things Gen- erally

### THE DEMANDS PRESENTED

Fire Bosses Ask for Wage  
Increase As Well as Im-  
portant Changes in Work-  
ing Conditions

If there is not an immediate coun-  
termeasure effected between the coal  
operators of the Monongahela valley  
and the fire bosses there will be a  
big strike on next week, which will  
tie up practical every mine along  
the valley. The fire bosses the first  
of the month presented a demand to  
the operators for better wages and  
better working conditions, requesting  
an answer March 15. Friday was the  
last day the fire bosses were to work,  
yet there has been no answer so far  
to the demands. Today is a legal  
mine holiday and all the miners are  
off duty. Monday will determine the  
true status of affairs.

Although the total number of fire  
bosses effected in this vicinity is only  
about 650, the strike will have a far  
reaching effect, in that it will be  
effective in closing down all except  
the non-gaseous mines. Unless the  
operators can secure men sufficiently  
qualified to act in the capacity of fire  
bosses, it will mean an indefinite sus-  
pension. Practically the only mine  
not effected in the vicinity of Char-  
leroi is the Henderson Mine at East  
Charleroi, which is a non-gaseous  
mine. The principal demand made  
by the fire bosses is for an increase  
in wages. They ask that the rate per  
working day be raised from \$3.27 to  
\$4.00. If it is necessary for an ex-  
amination to be made of a mine on  
Sunday afternoon in preparation for  
the night shift, a full day's wages is  
demanded.

## W. M. LATTA ASSUMES CHARGE OF POSTOFFICE

Today Wm. M. Latta succeeds

duties. Mr. Latta was appointed  
by Governor Tener before the latter  
resigned from Congress, to succeed  
Mr. Wiley, whose term had expired.  
The new postmaster held a respon-  
sible position with the Vesta Coal  
company, and is well qualified to fill  
the position. He will make such  
changes in his official staff, the latter  
being subject to civil service rules.

**On the Way**  
A few months ago in the general  
discussion concerning the government  
by commission plan the thought that  
Pittsburg would soon be in the fold  
was about as far away as anything  
possibly could be. Present indica-  
tions, however, show that Pittsburg  
is quite likely to have a new charter  
which will give the city a govern-  
ment by a commission commission  
of probably nine elected at large,  
instead of the old grafting system of  
ward councilmen, select and common-  
council, that has so long been a millstone to  
progressive city government. The  
people have risen in their wrath and  
demanded it, and the political powers  
that control must grant it or be over-

whelmed by a popular uprising of the  
electors.

While the Pittsburg citizens are  
demanding everything that goes with  
the commission form of government—the  
initiative, the referendum, the  
recall and the non-partisan ballot, the  
political powers are temporizing and it  
looks as though a compromise will be  
proposed in which the commission  
form will be offered without the  
others. This will be a decided gain,  
although the advocates of the "Pitts-  
burg Plan" will make a hard fight for  
all that goes with it. However, if  
the commission plan is accepted, it  
will be only a matter of time until  
the other is attained, if the people  
continue to take the same interest in  
the city government as is now mani-  
fested.

What is good for Pittsburg is good  
for every other town great and small,  
and the "Pittsburg Plan" can be  
modified and adapted to meet all re-  
quirements in the State. The com-  
mission form of government is in  
operation in nearly one hundred cities  
and towns in the United States, and it  
can operate in Pennsylvania as well  
as in any of the other States.

**Backyard Farming**  
Just now the newspapers and  
magazines are giving much ad-  
vice and instructions in regard to  
backyard farming. Every house-  
holder or tenant who has a few feet  
of spare ground in the rear of a town  
lot is exhorted to cultivate it, and  
experts are already giving outlines of  
plans which are claimed to produce  
the best results.

It may be interesting to know that  
it was the decline of the backyard  
or garden farming that has material-  
ly increased the cost of living. When  
every family used to raise all the  
garden truck they consumed, the  
family income was not so strained and  
the members fared more sumptuously  
during the summer season at least.  
Then, too, there was work and duties  
for the boys when school was not in  
session, while the demand for cigar-  
ettes was nil and the juvenile court  
had not developed as an institution.

Now that the backyard farm is  
coming again into vogue is likely to  
have a social bearing as well as an  
economic value.

**ELECTRIC SPARKS**  
Between Pittsburg and the new  
school code, the Legislature is  
promised some tall doings shortly.

Guess this must be "April foolish"  
day.

Thomas L. Lewis is "back in the  
mines." But he can have the satisfac-  
tion of knowing that thus it is  
with all men prominent.

Every man throws a rock now  
and then that he would like to have  
back in his hand.

It is reasonable to suppose that  
when a man pays what is due and  
when it is due he has a right to wear  
his whiskers in any style he chooses.

The man who said that it is nerve  
racking for a painter to paint the  
picture of a nude figure, certainly has  
a wholesome regard for the truth.

The high cost of living may be  
raised in Washington county by the  
removal of the penitentiary farther  
away from home.

Charleroi is getting considerably  
busy with audits thus a year, but at  
that it doesn't ask anything of any  
other municipality.

**PICKED UP IN PASSING**  
"Some of the old-time tavern keepers  
along the route used to be unique  
characters and no mistake," said a vet-  
eran traveling man, at one of the leading  
Charleroi hotels yesterday. "I've  
been forty years on the road, and I  
have passed through some remarkable  
hotel experience."

"When I first started out my route  
took in a tier of the northwestern  
counties of the State along the Philadel-  
phia and Erie railroad. From there I  
used to drive to lumber supply stores  
and small cross roads stores where I  
had a long string of profitable cus-  
tomers. As a rule hotel accommo-  
dations were pretty poor, but now  
and then we came across a good one,  
even though it was conducted on the  
old fashioned country style. One of  
these was the Hyde House at Ridge-  
way, the county seat of Elk. The

proprietor, W. H. Shram, was an old-  
timer, who had kept tavern when it  
required physical force to maintain  
the dignity and standing of the house,  
and he was equal to all emergencies.  
While he catered most admirably to  
the comforts of his guests, he would  
brook no criticisms or trifling with  
his dignity.

"One day a fresh young drummer  
struck the Hyde House on his first  
trip over the road.

"Is this the Hyde House?" he  
asked of Mr. Shram, who happened  
to be at the desk.

"It is," replied the landlord,  
handing the visitor a pen.

"Well, I'm awfully glad of it, for  
I've struck a bum lay-out every eight  
since I started, but the boys all told  
me I'd find everything O. K. at the  
Hyde House."

He was informed that every effort  
would be made to look after his com-  
fort, but he still persisted in expres-  
sing his gratification that he had  
finally reached the Hyde House. His  
effusiveness became so ardent that  
Mr. Shram could endure it no longer.

"Look here, you—fool," he  
demanded, "what are your after?  
Do you want me to kiss you?"

One day recently two small boys  
were standing on the street talking  
when a little girl came along with a  
lamp of sticky candy in her hand.

This of course aroused the cupidity of  
the boys, and one of them said:  
"Hi, there, 'Give us some candy.'"

"I can't," came the unexpected  
answer. "But you can kiss me while  
my lips are sticky."

Anent the time when the trout-  
fishing opens some Charleroi fisher-  
men are preparing for the usual  
outing and sport. One of them  
recently exhibited a circular received  
from a resort in Maine which makes  
a specialty of entertaining and  
equipping fishing parties. After  
enumerating all the details the pros-  
pectus winds up with his remark:

"Orders for worms from those  
who fish only with flies will be held  
in sacred confidence."

**Deemston**  
Mr. and Mrs. Winfield Smith were  
stopping at Fredericktown recently.  
Harry Crawford was a recent busi-  
ness caller at Centerville.

Walter Bair has returned from  
Pittsburg where he attended the  
automobile exhibition.

Fred Powers who has been black-  
smithing at Brazzell has accepted a  
position with Clyde McCarty.

Miss Edyth Jones was an over-  
Sunday caller at the home of F. L.  
Hastings.

The revival services which were  
in progress at the Mt. Zion M. P.  
Church closed last week.

Mrs. George Vernon made a recent  
business trip to Coal Centre.

Mrs. Olive Ward is visiting at the  
home of her father John Baker.

Mrs. Florence Davis is visiting at  
the home of her sister, Mrs. C. A.  
Bennett of Clarksville.

A meeting of representatives of the  
several locals of the Home Mutual  
Telephone company was held in the  
school hall at Centerville recently  
for the purpose of electing officers for  
the general company for the ensuing  
year. F. L. Hastings of Deemston  
was elected president by a margin of  
two votes. The retiring president  
is J. W. Kenney of Centerville, who  
held the office for seven consecutive  
terms. R. H. Williams of Center-  
ville was elected vice president and  
C. A. Bennett secretary. The First  
National Bank of Fredericktown was  
elected treasurer. A new switch  
board will be purchased and installed  
at the central office at Centerville.

Isaac Baker of Deemston who has  
been ill for a few days is able to be  
in his store.

Halbert E. Dawson has been visit-  
ing at the home of his father-in-law,  
Charles R. Trew of Charleroi.

Deemston borough has opened a  
stone quarry on the William Bucking-  
ham farm, for the purpose of building  
some new roads.

An old fashioned serenade was ten-  
dered J. Frank Barclay and his bride  
formerly Miss Rose Allen at the home  
of the bride's mother, Mrs. Elizabeth  
Allen of Sandy Plains. After some  
time well spent in the use of horse  
fiddles, tin horns, etc., the serenaders  
were invited in and all engaged in  
an old fashioned square dance. A  
supper was served by Mrs. Allen.  
Mr. Barclay is one of Carmichaels  
most successful business men and his  
wife is an accomplished musician  
and trained nurse. They will reside  
in Carmichaels.

Wilson Wickerham was at Fred-  
ericktown recently on business.

**THIS IS IMPORTANT**  
W. F. Henning Desires to  
Announce that he is the Agent  
For Thompson's Barosma, the  
Money-Back Kidney and Liver  
Cure.

There are hundreds of people,  
young and old, right here in Charleroi,  
who are taking medicines for various  
ailments, who do not even suspect  
that the kidneys are to blame.

These sufferers do not know that  
in all probability the kidneys are all  
clogged up, are inflamed or congested  
and are unable to properly filter the  
impurities from the blood.

It is the kidneys that keep the  
blood pure, and if the kidneys are not  
in good condition, disease or other  
organs of the body will surely de-  
velop.

Thompson's Barosma will cure any  
disease of the kidneys or W. F. Hen-  
nings will give you your money back.

If you are in ill health now, and  
are not absolutely certain of a  
cure, get a 50 cent bottle of Thomp-  
son's Barosma at W. F. Hennings  
today. It will tone up your kidneys,  
liver and bladder in a week.

It is the best investment you can  
make. It is worthy of a trial on  
our guaranteed plan. Ask for  
Thompson's Barosma. The dollar  
bottle contains more than twice as  
much as the fifty cent size.

**NEEDFUL KNOWLEDGE**  
Charleroi People Should Learn to  
Detect the Approach of  
Kidney Trouble

The symptoms of kidney trouble  
are so unmistakable that they leave  
no ground for doubt. Sick kidneys  
excrete a thick, cloudy, offensive  
urine, full of sediment, irregular of  
passage or attended by a sensation of  
scalding. The backaches constantly,  
headaches and dizzy spells may occur  
and the victim is often weighed down  
by a feeling of languor and fatigue.  
Neglect these warnings and there is  
danger of dropsy. Any one of these  
symptoms is warning enough to begin  
treating the kidneys at once. Delay  
often proves fatal.

You can use no better remedy  
than Doan's Kidney Pills. Here's  
Charleroi proof:

Mrs. Joseph Thompson, 89 Lincoln  
avenue, Charleroi, Pa., says: "Doan's  
Kidney Pills, procured at Piper Bros.  
Drug Store, have been used in our  
family for kidney complaint with the  
best of results. I consider this  
remedy to be an excellent one and do  
not hesitate to recommend it."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States.

Remember the name—Doan's—and  
take no other.

**Woodcarvers of Burma.**  
The woodcarvers of Burma are the  
most skilled in the world. They se-  
lect and cut the best logs along the  
Irawaddy river in the dry season, and  
these are thrown into the shrunk  
stream. There they lie until the fresh-  
ets of the rainy season lift them and  
bear them down to the populous cities  
below.

Then huge elephants are employed  
to drag the heavy logs from the  
stream and take them to the saw-  
mills. They are then worked up into  
timbers suitable for the woodcarvers.  
The carvers use the figure of Buddha  
or some other emblem concerning the  
Buddhist worship in the greater  
part. The details are worked out in a  
careful way.

Sterns of boats are carved in an  
elaborate manner, and some of them  
would be worth a fortune in this coun-  
try. The prow of the boat is usually  
ornamented with a figurehead of very  
elaborate carving. The art of wood-  
carving is handed down in the fami-  
lies in Burma, the children being  
taught by their fathers. — Wichita  
Eagle.

**Two Dimensions? Vision.**  
Most people do not know that they  
ought to be very thankful for having  
both eyes in one plane instead of hav-  
ing them one on each side of the head.  
If the latter obtained no one could tell  
that an object had more than two di-  
mensions until experience and the  
sense of touch educated the brain to it.  
Any one can try it for himself. Shut  
one eye and look at different objects.  
They appear flat. With binocular vi-  
sion two views of each object are ob-  
tained and neither is exactly like the  
other, so the idea of depth comes in.

The most easily shown example of  
the difference is as follows: Take a  
ring and hold it about two feet from  
the eye. With one eye closed it will  
take at least five trials to thrust a pen-  
cil through the ring, whereas with  
both eyes open it can be done on the  
first trial.

All animals with eyes on opposite  
sides of the head labor under this dis-  
advantage, as do all insects. It is  
called two dimensional vision, as the  
idea of depth is not possible. This  
is on account of the image thrown on  
the retina of the eye being in only two  
dimensions. — Philadelphia Press.

## AMONG THE THEATRES

### The Palace—Charleroi.

A charming travel picture, "Namour and the Banks of the River Loing," was a most enjoyable feature at the Palace Theatre this week. Charming scenes along this beautiful river in France made this picture very attractive. The picturesque architecture of the villages passed in the travel down the stream, the ancient weirs, the cattle standing in the stream, the women washing their linen by the water's edge, all conveyed a refreshing sense of rural simplicity. "Father Love," "Hans' Millions," the "Money Lender," and many others equally strong, made a happy combination of comedy, tragedy and sentiment. Louis Brusa and John Evans, in illustrated and spotlight songs, and the excellent orchestra, sustained this musical end in the usual efficient manner.

### The Grand—Pittsburg

Another of those merry farces from the pen of George Hobart is coming to the Grand. It is entitled, "A Night in a Turkish Bath," and will be given by Joe Hart's players, in Manager Harry Davis' vaudeville show, Pittsburg's popular playhouse, the week beginning Monday matinee, April 3rd. A more fertile field for farcical comedy has not been touched by the facile pen of Mr. Hobart for the possibilities of scenes in a bath house of this sort are without limit.

Willy Pantzer, perhaps the greatest living athlete, and his company of diminutive gymnasts are returning after a phenomenally successful tour of the old world.

Charles Lovenberg presents his Neopoltans, consisting of three opera stars, namely Estelle Ward, soprano; Marion Littlefield, alto, and Signor Francesco Manetta, tenor.

George McKay and John Cantwell, two of the most successful of musical comedy comedians, who were a great success in "On the Great White Way," are to give a new skit entitled "Below the Dead Line." Half a dozen other high class specialties will be included in Manager Davis' offering and of course the usual motion picture show will conclude the performance.

### The Alvin—Pittsburg

Sam Bernard will present his latest musical comedy novelty, "He came From Milwaukee" at the Alvin Theatre for one week, commencing next Monday, with all the wealth of talent and scenic environment that was the late rage for six months at the New York Casino. Sam Bernard is one of the few comedians, natural born wit, really can't help being funny, and enjoys his performances as much as the audience. His spontaneous outburst of comedy is of such frequent occurrence that the principals of his company look for the appearance of these little outbursts to a greater extent than at times the paid auditor does; as a consequence don't feel surprised or even jealous, if during this engagement you find his organization not only in continual smiles, but in spontaneous applause.

Possibly this is one of the reasons why the original aggregation of New York Casino Girls were prevailed upon to make the present tour.

### The Nixon—Pittsburg

Next week at the Nixon Theatre Henry B. Harris will present Edgar Selwyn's successful American comedy, "The Country Boy," which comes here directed from four months at the Liberty theatre, New York, and three months at the Walnut Street Theatre, Philadelphia. The story concerns a young fellow from the country who goes to the city to make his name and fortune, but, like many others who had preceded him, he finds that desirable positions are not so plentiful. After several disappointments he becomes discouraged to the point where he is about to take his own life, when he is brought to a realization that life in the small country town is the more preferable after all.

The real charm of the play, however, lies not so much in the plot as in the various characterizations or types which the author introduces in the several scenes. The cast has not undergone a single change and includes Dudley Hawley, John Webster, Frank E. Jamison, George A. Wright, George Schaeffer, Ethel Clayton, Catherine Tower, Nellie Fillmore, and others.

### New Duquesne—Pittsburg.

That notable J. E. Dodson success, "The House Next Door," in which that brilliant character actor achieved such an admirable portrayal of the eccentric and prejudiced old aristocrat Sir John Coltsford, is to be the enjoyable attraction offered by the Harry Davis Stock players at the Duquesne Theatre next week. The character comedy of this most successful of all J. Hartley Manners plays is its predominant feature, and the antagonism

between the blue-blooded Sir John and his rich Jewish neighbor, the newly made Baron, is forcibly and amusingly set forth. The dramatic charm is furnished by the two love romances at cross purpose between the children of these two quarrelling parents. Many unique situations arise in the complications between the two warring households, but in the end old-fashioned Sir John learns the lesson that old age cannot demand too much of youth and that in this day of broad humanity and democracy there is no room for the blind and bigoted conventions and prejudices of the past, either these of class or those of race.

Dennis Harris will enact the original Dodson role of John at the Duquesne Theatre next week, when he will have one of his greatest opportunities yet to reveal his versatility and art of characterization. Albert Morrison, as the young musician, Cecil and Mary Hall as Esther, his sweetheart, will be one of the two loving couples, while Ralph Remley, as Adrian, and Alice Riker, as Ulrica, will be the other romantic players, all four of whom have such curious experiences before the eyes of Sir John are opened to the light of truth.

## The Symbolism Drama Appears

"Charlie," sorrowfully sighed the young lady in the parlor of the concrete house on Washington avenue, "it is nearly 12 o'clock."

"Yes, Belinda," was the breathing response of her poetical companion, who was sitting on the sofa beside her. "The minute hand is drawing closer to the hour hand, and when the time of midnight is chimed the two hands will be even as one. My darling Belinda," he continued as he mentally simulated the action of the minute hand, "may not the coming together of those two hands be symbolical of us?"

She broke away and stood firmly on her feet. "No, Charles Henry Smith," she retorted angrily, "those two hands will remain as one but a single second, and then the minute hand will divorce itself and go on its way alone. No, Mr. Smith, a minute hand that doesn't stick isn't the kind of symbolism I want!"—Chicago News.

## Where Ears Grow Sharp.

A French balloonist has recorded the clearness with which sounds coming from the surface of the ground can be heard at a high altitude. At the height of 5,000 feet the ringing of horses' hoofs on a hard road was clearly audible. At 4,000 feet the splashing sound made by ducks in a pond was heard. The barking of dogs and the crowing of cocks could be heard at seven or eight thousand feet. These sounds penetrated through a white floor of cloud that hid the earth from sight, says Harper's Weekly. In the perfect silence of the air the investigator was startled by what seemed stealthy footsteps close at hand. It was ascertained that this noise was caused by the stretching of the ropes and the yielding of the silk as the balloon continued to expand.

## A Miracle Under Orders.

In "The Glory of the Shia World," translated from a Persian manuscript, is a story that will interest Christian Scientists:

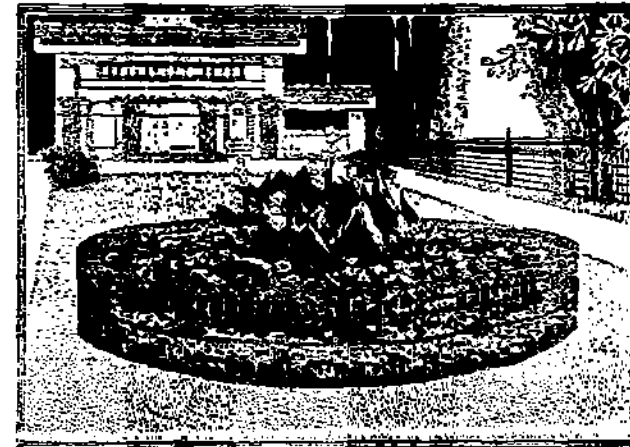

"Nadir, builder of the 'golden porch of Nadir' in the sacred city of Meshed, was a world conqueror and a lord of perception, albeit cruel. Of his power of perception they relate that one day when he entered the sacred shrine he saw a blind man invoking the aid of the imam, and upon inquiry he learned that he had been there for several months. The great monarch asked him why his faith was so weak that his sight had not been restored and swore that if on his return he found him still blind he would cut off his head. The wretched man prayed so fervently and fixed his mind so intently on the imam that within a few minutes his sight was restored."

## BRIGADE HOLDS

### A RECEPTION

Good Sized Crowd Attended

Affair of Washington Avenue Boys

At the first reception given by the Washington Avenue Boys' Brigade, at the skating rink last night, the work that is being done by the brigade was shown. Talks were made by men interested in the brigade movement. A good sized crowd was present in response to invitations sent out by the brigade members.

A drill under the direction of Capt. Charles Walgreen was given. In the drill great proficiency in general as well as technical drill work was shown by the boys, few of whom are over 16 years of age. O. M. Wise to whom the credit is due for starting the brigade made a talk, and he was followed by Rev. G. G. Reitz, pastor of the Washington Avenue Presbyterian church. Rev. C. E. Frontz, pastor of Christ Lutheran church, Fred Clerihue and J. D. Berryman also made addresses in which they complimented the members of the brigade as well as those not directly connected with it, who had nevertheless labored to make it a success, and promising to lend their aid in promoting the brigades' welfare.

A basketball game was played after which the pennant for the brigade league winners was presented to the Cadet team, captained by Paul Nutt. Other teams in the league are the Pirates, the Midgets and the Crescents.
